

SPEC SHEET

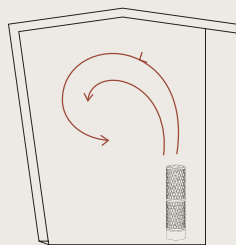

A closer look at the Oblique

Substantial walls, an angled roof, and aromatic western red cedar give the Oblique its grounded character. A quiet place for heat, steam, and time together.

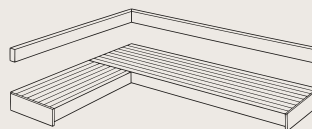

DESIGN & CONSTRUCTION

**CROSS-LAMINATED TIMBER (CLT) FOR STEADY WARMTH**

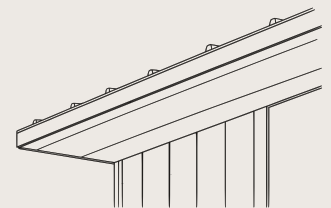

Thick wood walls bonded crosswise form strong walls that hold heat and release it slowly for steady warmth.

**AN ANGLED ROOFLINE THAT GUIDES STEAM**

The angled ceiling guides steam in a thermal roll, creating soft, enveloping warmth around the body.

**WESTERN RED CEDAR FOR COMFORT AND SCENT**

Clear-grade cedar benches from Vancouver Island feel soft on bare skin, with a gentle scent as they warm.

**EXTERIOR CLADDING THAT AGES BEAUTIFULLY**

Cladding options are built for 20+ years outdoors, weathering naturally without chemical preservatives.

Oblique Four

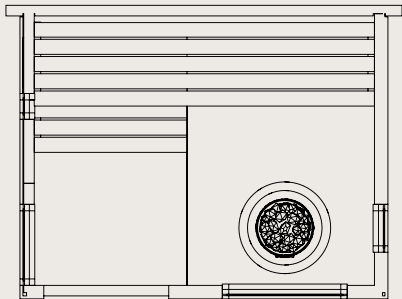

SAUNA DIMENSIONS

7'0" wide / 5'0" deep at base / 7'3" high
6'0" deep at widest point, excluding roof

Heaters & controls

Two electric heater pairings for Oblique Four and Eight, each with Wi-Fi control.

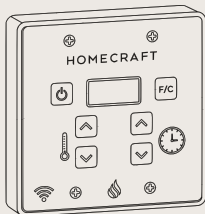

Homecraft Apex Mini

9 kW / MADE IN CANADA

A stainless-steel tower surrounds a generous volume of stones for soft, even steam.

PAIRED WI-FI CONTROL

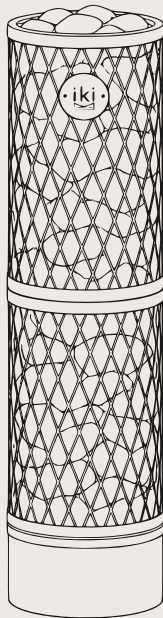

Homecraft Wi-Fi

Set time and temperature on the touchpad. Start or schedule from your phone.

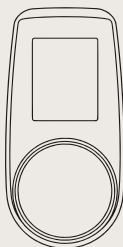

IKI Pillar

9 kW / MADE IN FINLAND

An open stainless-steel mesh holds a tall column of stones for steady, even heat.

PAIRED WI-FI CONTROL

HUUM UKU Wi-Fi

Adjust the heat with a single dial. Start or schedule from your phone.
